

## Makeup Morgue Assignment, 100 points

### Theatrical Makeup, FHS

Because theatrical makeup design requires you to be a student of observation, you will collect a variety of pictures that illustrate information important to a makeup artist. You will organize your Morgue in a digital format, using Google Slides, or other on-line software approved by Mrs. Sone. You will share your project with Sone at [sarah.sone@g.fayar.net](mailto:sarah.sone@g.fayar.net). You can find pictures on the internet and/or use your own photos. Images should be of a useful size, showing detail, and in full color or black/white. You will also keep a photo record of all the makeup applications you complete during the semester. These will be organized in the final section of your Morgue. **The completed morgue will be due at the end of the semester.**

Category	10 examples	9 examples	8 examples	7 examples	6 examples	5 examples
